

Join Our Team as the Next Oakmont Borough Wastewater Treatment Plant (WWTP) Superintendent!

-  Location: Borough of Oakmont, PA
-  Full-Time | Competitive Salary & Benefits

Are you an experienced wastewater professional ready to take on a leadership role? The Borough of Oakmont is creating a succession plan as the existing 30-year veteran WWTP Superintendent plans to retire before the end of 2025. The new Superintendent will learn side-by-side with our outgoing leader and grasp the reins on their own as **Wastewater Treatment Plant (WWTP) Superintendent** by mid-year to oversee the operation and maintenance of our treatment plant and three pump stations. If you thrive in a hands-on environment, have a passion for environmental compliance, and enjoy leading a team, we want to hear from you! The system is managed by the Superintendent and currently 3 full-time, well-experienced and seasoned employees.

Also, in 2025 the WWTP will commence with a 36-month, \$16 million upgrade to its treatment system. 2 years of planning for this capital project places Oakmont Borough in a position that the existing leader is ready to step aside from the day-to-day operations and focus on two important things; the construction project and a well-earned semi-retirement. The successful candidate will have time to learn about the existing WWTP operations and at the same time, incorporate the upgrades into the existing facility.

Why Join Us?

-  **Impact:** Ensure the efficient operation of critical infrastructure that serves our community.
-  **Leadership:** Take charge of a skilled team and manage capital projects.
-  **Growth:** Expand your expertise in environmental regulations, SCADA systems, and wastewater management.

Key Responsibilities:

-  Ensure compliance with all local, state, and federal environmental regulations.
-  Oversee daily operations, maintenance, and staff at the WWTP and three pump stations.
-  Manage the Borough's **Pretreatment Program** and collaborate with industrial customers.
-  Evaluate and prioritize short-term and long-term capital expenditures.
-  Assist in budget planning and financial oversight for plant operations.
-  Respond to and resolve citizen concerns professionally and efficiently.

What You Bring to the Role:

✓ Education & Certification:

- High School Diploma or equivalent (Associate's Degree in a related field preferred).
- Valid **Class A or E Wastewater Pennsylvania Certification, Subclass 1,2,3,4.**

✓ Experience & Skills:

- **10 years** of progressive wastewater experience, with **5 years in a supervisory role**.
- Strong knowledge of **EPA Pretreatment Regulations, SCADA systems, and computer applications** (Word, Excel, databases).
- Ability to analyze technical information, write reports, and manage budgets.
- Valid **Pennsylvania Driver's License**.

Physical & Work Environment Requirements:

- ◆ Ability to climb up and down a **40-foot ladder** in pump stations.
- ◆ Work outdoors in **inclement weather** and hazardous conditions.
- ◆ Exposure to wastewater, mechanical, electrical, and confined space hazards.
- ◆ Moderate to high noise levels.

Ready to Apply?

If you're looking for a rewarding leadership role in wastewater management, apply today! Join us in maintaining and improving Oakmont's essential infrastructure.

 **How to Apply:** Submit your resume and cover letter to Scot E. Fodi, Borough Manager (boroughmanager@oakmontborough.com) or <https://oakmontborough.com/wp-content/uploads/Employment-application25543.pdf>.
